Michigan WQA Membership

With over 250 years of experience in the water treatment industry between us, the Michigan WQA Board of Directors makes decisions on “YOUR FUTURE” on a daily basis. As a Current Member of the MWQA you make those decisions with us.

If you’re not a member – you have no vote in how your business is presented. You also are missing out on an abundance of money saving venues. \$\$\$\$\$

The MWQA gives you strong representation before not only the legislature, but also the state departments and agencies that can affect your business and your lives. Just as your business changes to welcome growth while conforming to its budget, the State of Michigan changes BUSINESS TAXES & LAWS to do the same. The MWQA monitors the activities of the legislature and the state agencies whose rulings affect your industry and keeps the MWQA Member informed.

Membership in the Michigan Water Quality Association offers opportunities to grow your business, your community, and your bottom line.

AS A MEMBER OF THE MICHIGAN WATER QUALITY ASSOCIATION

This program provides members with lower rates on all kind of commercial insurance, including the specialized coverages used in your industry!

This special offer is provided through the Whitaker-LaChance Agency and underwritten by Frankenmuth Mutual Insurance, a company that has been serving your insurance needs since 1868.

"The insurance package Whitaker-LaChance put together for us is very comprehensive and priced lower than the competition. This commercial insurance program alone is a great incentive for non-members to join the MWQA." James A. Reynolds, Jr., President Reynolds Water Conditioning Co.

"Thank you Whitaker-LaChance for your effort to not only reduce my insurance cost but also for your knowledge of the business and knowing the right people in helping me retrieve my refund from our previous carrier. I would recommend Whitaker-LaChance to any business looking for insurance – they have gone more than the extra mile." Lance Kohley, President Kohley's Ecowater

"I would like to thank you for the time and effort you gave to quote my insurance needs for my Michigan and Florida business locations. Your company offered a very complete coverage package at a lower cost than the other insurance companies, saving me money and providing more coverage in certain areas of my policy. The personal time you spent going over my policy helped me to see and understand what coverage I did and did not have." Scott W. Canney, President Canneys Water Treatment

"After several years with Whitaker-LaChance we have saved many times over our MWQA dues in insurance premiums and we have had the benefits of great coverage. They also take care of claims very professionally. Do yourself a favor and give this program a look at." Kevin Maynard Maynards Water Conditioning

MWQA Members Scott LaChance and Jeff Gray at the Whitaker-LaChance Insurance Agency would be happy to show you the benefits and costs associated with the program. Ask any MWQA Member that has signed on with the insurance program and they will tell you that the savings and value far exceed the cost of MWQA membership dues. If you have an insurance renewal coming up in the near future, give Scott or Jeff a call at 800-968-1959 – they will provide you with a prompt quote.
